INFORMATION RESOURCES ON STATE AND LAW

Resource is the source of stock of the different means. There are resources of adjoining information resources of raw material, energy, labor and finance in the modern society too. Another any resources from information resources disappears during use. For instance, fuel burnt and finishes, finance means is spent and. But information resources do not finish, they are a lot of to use. One of such information resources is socio-political resources. There are 2 kind of socio-political information resources:

- 1) Initial socio-political information resources;
- 2) Second socio-political information resources.

Printed primary documents have a main role in development of socio-political information resources. "National crime right and crime legislation of Azerbaijan Republic" named new textbook has been printed. This book has been prepared by the Lawyers Confederation of Azerbaijan (LCA) together Germany International Law Cooperation of the federal the Ministry of Justice. Printed in 2012 textbook's author is Baku State University's international general law chair teacher of the law faculty, philosophy doctor for law Rahim Mammadov. Book have been devoted to the analysis of the theoretical and practical problems of the mutual relation of international criminal law and crime legislation of the Azerbaijan Republic. Principles of conceptions about the essence of the modern international criminal law, its posts have been looked through in the book. Crime being of the action and typical features of the international criminal law have been investigated as new and independent area of the international general right defining the limits of the responsibility as its procreate. At the same time, international criminal law and a few number of offers which have directed to improve of the mutual relations of the crime legislation of the Azerbaijan Republic have been reflected in the book. Book have been intended to international lawyers,

teacher and students of the law faculty, judges, public prosecutors, any persons being was interested in international criminal law.

Bibliography of literature in law is one part of the social and political resources. Legal issues in every society and in this regard, the state and legal affairs since ancient times until recently the group being studied by various readers learned. Bibliography of bibliography (metabibliography) of Scientific Information on the scientific basis of the state order to provide assistance in this area and the law was implemented by the Institute of social and political science literature for readers. The Scientific Information Institute is the leading research institution bibliographic information security important, of socio-political sciences. It has published a bibliography of «State and law» institute since 1976. This index in some areas, main problems of state and law, the period of current topics in literature reflects etc.

Bibliography bibliography of this research assistant, is considered a «state and law». Therefore, the current edition includes a bibliography on state and law. Bibliography of literature publishing accurate bibliographic information for specialists, scientists and legal literature to the readers group is studying the literature about each in connection with so it plays an important role in ensuring bibliographic directory of consumers. Bibliography of consumers one of his assistants is to provide a value for the office. For example; The figure is indicator of “Predmetny ukazatel” topic. Each topic is presented the literature on the subject and the occasion is determined during the inspection. Besides indicator of the importance is that any author index, to determine the basis of his works include “Names”.

This bibliography is considered the most reliable source for readers in the EIA published by. It should be noted that for the first time in our country, as in other republics of Azerbaijan is connected with the study of society, organized in 1923 to study legal issues. This society has conducted research in various fields of science, founded, and in accordance with this literature began to investigate. Literature examples of societies in different organizations activities, institutes was very large. For example, in the country, creation of legal literature Faculty of Baku State University is related with. Baku State University, faculty of law faculty was established as an independent, in 1928 almost 1927, department of the East. Faculty dean prof. A.O.Mishel was the first. At right is a leading center for research and teaching in the training of personnel and development of legal science in Azerbaijan republic law school. Among the graduates of the faculty scientists who have worked with the national legal personnel in the country: Vahid Gahramanov, Jahangir

Karimov, Mamed Khalafova, Aziz Asadov, Isa Mammadov, Jafar Movsumov, Masuma Melikova, Ogtay Asadov, Firudin Samandarov, Tofik Gandilov. The main research areas of the department: Problems of state and legal theory and history; Political and legal theory and history; Constitutional rights; Municipal law; Administrative law; Financial law; The period of transition to market economy, the problems of civil rights; Issues of crime and punishment; Protection from criminal encroachments of society; The study of the causes and circumstances of the crime, Founded in 1919 under the faculty of Law of the Baku State University there (3).

The creation of this department, and national literature was an important step in the creation of the national cadres in law. Besides law books in the creation of the Institute of State and Law of the Academy attracted the attention of organization and functioning of republic. Organized Research, the Institute of Philosophy and Law at the Law department was established in 1967.

Thus, the Law department of the Institute of Philosophy and Law in the country, as well as associated with the name of the Legal department. Legal literature published bibliographic sources emergence of various character has a positive impact on the increase in the Country. In connection with the publication of literature in the Republic Azerbaijan soviet encyclopedia is one of the important bibliography source character, right. X volume of the encyclopedia provides a section on the “Right”. It was in the main section to section 32. Therefore, any poll is based on questionnaires are made for the publication of their works, scientific activity and linked to this category of legal science history, lawyers and others in the legal department. The book of «Second volume of a book on managing» Azerbaijan State and legal» section provides. From 1920 to 1940, published bibliographic information about teaching literature and popular literature linked to this category. It should be noted that the “book of Azerbaijan” as our important most important general bibliography for the period. Bibliography printed bibliographic information can be found in the literature about the Legal department of the Institute of Philosophy and Law through this. The bibliography section provides, in particular, state and law. In this section, you can learn the legal literature published by the publishing house of the academy on the basis. “Scientists scientific works of BSU” on bibliography was published. The figure was based on his chair in the faculty of Law and specifically sub-sectors. Members of the faculty of Law is the basis of any product when looking for the appropriate sections bibliographic directory (1).

In Azeri and Russian languages, published bibliographic sources in the study of literature in republic in general and one of the "Academy of Sciences of Azerbaijan Republic published a bibliography of" a performance is. Bibliography printed bibliographic information can be found in the literature about the Legal department of the Institute of Philosophy and Law through this. The bibliography section provides, in particular, state and law. In this section, you can learn the legal literature published by the publishing house of the academy on the basis.

The publication of the relevant departments of the faculty of law academic literature is studied by readers. University library work in this area should be emphasized. Published bibliographic directory "of scientific works of scientists of the university" library by topic. The figure was based on his chair in the faculty of Law and specifically sub-sectors. Members of the faculty of Law is the basis of any product when looking for the appropriate sections bibliographic directory. In the literature of state and law in the Country. Bibliographic work carried out in this area is due to the activity of the foundation of the information center of the Academy. From 1920 to 1985, assembled and published a bibliography of literature, published in 1987 (covering 1920-1985) by the Center for scientific Information in our country and the law on state "Rights" (1).

As you can see this figure was widely covers the period. Bibliographic directory, doctor of law, professor Tofiq Gafarov by a high level of scientific article access. In the introductory part of the book has some knowledge to learn the scientific importance. At the entrance to the development of education, training of personnel, legal literature, history information about the different societies functioning in the legal. Bibliography was published in 2 languages. Bibliographic information is considered an important legal literature bibliography, published in Russian and Azerbaijani languages. Bibliography of literature in 27 sections organized by. Bibliography of each section covers specific areas of law. In the parameters section for example, the "State and law" Legal history "Has the right to" grouped in sections "of Land rights", "Labor rights", etc.

Bibliography bibliographypromotes for the needs of the individual sections as seen in the field of law. Bibliography printed books and scientific articles are reflected in the state and in law. Full sections devoted to one of the world renowned legal scholar Jahangir Karimov. Emergency Dzh. Kerimov worked in Moscow, wrote their works published, including the famous legal scholar known to a wider audience. 24 books, 195 articles, 18 books and 74

articles published in foreign languages of the world in order to learn foreign languages works written especially for the reader.

The chairman of the Parliament "Murtuz Alasgarov" was printed in 1996, was dedicated to a personal bibliographic index. Bibliography of the candidate of philological sciences, the faculty Suleymanov Rasim made. Bibliography consists of various sections. Figures compiled bibliographic information is allowed in the short in writing. Then "Key dates of Murtuz Aleskerov's life, scientific, educational and social activities" a given section. Linked to this category also includes biographical information about the life of legal scholars. The bibliographic information retrieval requires. Even the designers wanted to save the historic section includes. Bibliography of books, pamphlets, articles and special sections depict various works of scientists in private. Bibliography of works, textbooks, manuals, methodical literature and publication of scientific articles and special sections depict him as. Thesis supervision, opponentreflects a separate section. Bibliography of the one of the main sections of "literature about him" are called. Scientists scientific pedagogical and public work on different from the published bibliography reflects materials in this section.
