The publication of the works of prominent political and public figures of Azerbaijan associated with the history of the establishment of Azerbaijan Democratic Republic. Therefore, the study of the life and activity, the date of the publication of works of the organizers of the Azerbaijan Democratic Republic is very important politically for modern youth.

Active organizers of the Azerbaijan Democratic Republic have undertaken extensive political work during his tenure and they have been closely related to the publication of works and separately history of Azerbaijan. Therefore, the date of the publication of each of his works is quite interesting. It should be noted that, depending on their political activity organizers of the Azerbaijan Democratic Republic, Azerbaijani immigrants have published their works in foreign countries and Azerbaijan. In this regard, of the prominent political and public figures of Azerbaijan Alimardan Topchubashov's work "The formation of the Azerbaijan", Adil khan Ziyadkhanli's work "Azerbaijan", Jeyhun Hajibeyli's "The first Muslim Respublic Azerbaijan", Yusif Vazir Chamanzaminli's "The autonomy of Azerbaijan", "Who we are and what we want" and etc. works directly related to the history of Azerbaijan.

It should be noted that, the above-mentioned names of political figures learned the primary sources of the history of Azerbaijan when they writing their own works. Therefore, a study of their works as historical sources is also important for today.

It's planned printing 10-volume edition of the M.A.Rasulzadeh's works of the corpus. Professor Shirmammad Huseynov's services in this area can be considered successful. As a result of the scientist research were published and given to readers "Collection of works" of the 4 volumes. In connection with the publication of M.A.Rasulzadeh's works it is clear from the information provided by various sources, his 1200 different content articles have been

published in periodicals since 1903 till 1920. According to Shirmammad Huseynov, if found and print all the rich heritage of Rasulzadeh, it is possible to print up to 12 volumes of his works.

Formulation of the problem

The publication of Nariman Narimanov's works has a special place in the system of publication of the works of prominent public and political figures of Azerbaijan. Nariman Narimanov was playwright, writer, revolutionary, physician and teacher. The publication date of the Nariman Narimanov's works are divided into certain periods: 1. Until 1920; 2. the period of 1920-1935; 3. the period of 1956-1970. As is known, at the first period of Nariman Narimanov's creations "Nadir shah", "Ignorance", "The scourge of the tongue", "Bahadur and Sona" and so on. books are printed. He showed serious effect in order to print his historical drama "Nadir shah". Censorship Committee decided to burn the manuscript of the novel. But Nariman Narimanov has achieved its goal. In 1899, "Nadir Shah" novel was published and spread. His works was published in "Iqbal", "Irshad", "Life", "Burhani-progress" and other newspapers published at that time.

In 1920-35, "Pir", "Trachoma" articles, letters and so on Nariman Narimanov's works have been published in bulk. After 1935, the publication of his works was stopped. It is forbidden to be published in scientific literature and conducting research on Nariman Narimanov. As is known, in 1956, in connection with the liberation of political and public figures have been extensive political work. Prominent political statesman Nariman Narimanov's 100th anniversary in 1970, has been widely celebrated. Narimanov with the anniversary of the writer's works to be published in bulk has been an important event in the field of heritage. With the anniversary the writer's works to be published in bulk and it was a significant event in the field of the study of Narimanov's heritage. In connection with the jubilee the scientific-auxiliary bibliography of N. Narimanov's works was published by the Azerneshr in 1972 (5). This bibliographic reference has a special place in the history of Nariman Narimanov's heritage bibliography for its coverage. Printed material with the name "The bibliographic reference of Nariman Narimanov's works" consists of 2 parts. In the first part was given the bibliographic description of the N. Narimanov's works in the Azerbaijani language and in the second part in the Russian language. Bibliographic reference covers the period since 1870 up to 1970. During this period, bibliographic information on Narimanov's heritage, that his life and work, biography, the publication of his works, social and political activity, and so on. sources of different nature are reflected in the bibliographic index.

N. Narimanov's works systematized and described by date of publication in the bibliographic index. The Narimanov's works have been published in

book form, as well as the large quantity of published articles in periodicals are reflected in the bibliographic index. One of the most interesting aspects of bibliographic index for readers, the literature on the Narimanov have been systematized and described on various topics in connection with certain period of his creativity. Giving systematized works of literature, "About Nariman Narimanov's artistic creativity", "About Narimanov's pedagogical activity", "About the art of medicine of Narimanov", and so on. plays an important role in the study of Narimanov's works and his heritage.

N.Narimanov's works in the Russian language also systematized and described by the date of publication in the bibliographic index. Bibliography was published in two languages is an important source in the studying great man's life and work. The historical facts, bibliographic information giving in the first and second part of the bibliographic index is very interesting to payment of reader surveys.

The main goal when the bibliography has been printed was the complete coverage of all works and literature about him and implementation of the task related to compilation of the bibliographic index. Therefore, bibliographic index which has a rich sources helps bibliographic provision of individual readers related to the different areas mentioned above. According to the direction of the reader bibliographic index is more extensive. It also related to multilateral life and work of N.Narimanov (5).

#### Solution of the problem

National leader Heydar Aliyev's great care on science, education and culture is well known to every Azerbaijani. The rich and comprehensive statehood heritage of prominent statesman is being studied and promoting. Since 1997, the multivolume "Heydar Aliyev. Our independence is eternal" was published by "Azerneshr" under the leadership of academician Ramiz Mehdiyev.

"Our independence is eternal" volumes cover has a important role like the most valuable and heavy complete which getting political heritable, historically and maintenance involves for for modern Azerbaijan history.

National leader, the Great Cheer, XX century's notable public-political and state personal Heydar Aliyev's activity was reflected in "Our independence is eternal" volumes cover begin the printed from 1997 and 46 cover from it was printed (1).

3 bibliographic indicator have been printed by national named after M.F.Akhundov library to this fundamental complete works separately.

"Heydar Aliyev. Our independence is eternal: (Assistant apparatus of the I-IX covers of the voluminous edition) indicator of geographical and private names)" 2008. cis have been printed consisting of 339 pages in the year.

Republic's community, teacher's subject, states worker's and researcher's interesting to this book are taken into account mean in the indicator with Culture and Tourism Ministry's initiative M.F.Akhundov named National Library 1-9 covers of volumes cover's assistant indicator was printed. Personal's names, geographic names are given with alphabet row in "Own names indicator", city, country, liman, river, sea and etc geographic names are given in alphabet row too. Wit purpose to increase information user's information in "Notes" part of indicator named some state and public personals, different company and holding's leaders, main oil treaties, associates and etc. about very information are given. Let us note it that duties that the persons of which names is given held in the note part of the indicator have been shown corresponding to the epoch the printing voluminous edition corresponding to the epoch (2).

#### Conclusion

But the same subjects which go in the different covers of the indicator contrary was been. Indicator's purpose is to simplify the with usage of volumes covers shown with black letters by alphabet succession in the rubric under when subject came to indicator and corresponding pages have been given in front of they. Notes have been given in the inside of 478 sources. The same notes have been formed on the basis of alphabet principle. Sources devoted to a number of subjects which come from works of the national leader here forward have been explained.

"Heydar continuation of the indicator that we dealt about Aliyev. Our independence is eternal: Assistant indicator of the X-XXVIII covers of the voluminous edition: (Indicators of notes, private and geographical named" bibliographic indicator in 2010, have been printed consisting of 512 pages in the year (3).

This means prepared by national named after M.F.Akhundov library national leader Heydar Aliyev has gathered investigating heritable "Our independence is eternal" volumes covers composition was been. In the indicator of the reader and specialists investigating heritable materials going in the some covers the purpose of to simplify the usage in the book group with row of notes given in the volumes covers' text, private and geographical alphabet names.

1515 step overs and source has been reflected in. Giving here of "Text indicator" have not consider differently from the first indicator expedient, they have been satisfied by "Own names indicator", "Geographic names indicator".

Heydar Aliyev. Our independence is eternal. Assistant indicator of the XXIX-XXXXII covers of the voluminous edition: It has seen the light in 2013 and it will increase about electron information base are given (4). National Leader Heydar Aliyev the number of the publications being from this kind of

the publications information that we dealt with simply of three bibliographic indicators work carried out in the direction of investigation and propaganda heritable when (indicator of notes, private and geographical names) develop to the usage reader.
