without whose help this

book could never have been written

1828.

j-40820

Brilliant young naval officer Robert FitzRoy is given the captaincy of HMS *Beagle*, surveying the wilds of Tierra del Fuego, aged just twenty-three. He takes a passenger: a young trainee cleric and amateur geologist named Charles Darwin. This is the story of a deep friendship between two men, and the twin obsessions that tore it apart, leading one to triumph and the other to disaster...

'This brilliant recreation of their journey is in turns terrifying, hilarious and uplifting. This was a fundamentally important episode in our history and it emerges with extraordinary clarity through the twists and rising tensions of a great thriller'

DAVID SHUKMAN, DAILY MAIL

'Thompson proves a master storyteller. What sensible reader wants a novel as good as this one to stop?'

THE SUNDAY TIMES

'A brilliant historical novel. An impressive book; something big that deserves attention'

MAIL ON SUNDAY

'It's an excellent read, in the traditions of Patrick O'Brian, and fully deserves its position on the Booker list'

DAILY TELEGRAPH

'A masterpiece'
